It is only each characters name copied on to other coloring designs that have nothing to do with the show. I feel tricked into buying this. I have attached pictures of the inside pages because they do not10 of 10 people found the following review helpful. Total Rip-OffBy CustomerI would give this no stars if I could. Unfortunately, there were no reviews when I purchased this as a gift for my son. I didn't even look in it until last night when I started wrapping gifts. Like others have said, it's just character names in the middle of a page that have no connection TWD. I totally feel ripped off and I don't think I can bring myself to give it to my son, it's so ridiculous.1 of 1 people found the following review helpful. A portrait of a character or just their name - What would you expect?By Jo Ann CarlsonI expected to see an image of the CAST character of the Walking

Dead and instead the book is 13 pages of designs you might get from an ordinary adult coloring book of tile designs with a character's name written across it. Five pages are printed in a grey tone and eight are heavy black and all with the name in a heavy black outlined font, all in all - VERY disappointed!!!! So if you are looking to see which 16 names are there ... go ahead and get it - you might enjoy coloring those 5 grey tone tiled pages
