Walking, Talking, Debating, and Arguing With GodBy A CustomerThis book is written as a series of short stories or journal entries concerning the spiritual growth of the author. It is very easy to read and each chapter can be read independently of the others. The author shares experiences

that many people can relate to, whether or not they consider themselves to be "religious". Many of the stories contained humor that made me laugh out loud, yet by the end of each story I was moved by the overall message. I highly recommend this book. It is not only a quick read, but an inspirational one as well.0 of 0 people found the following review helpful. You're Not The Only OneBy A CustomerThis is a fun read. The stories in this book are sometimes quirky, often funny and always inspiring. I enjoy the author's style of storytelling--it's almost like you're reading her diary. She doesn't just tell the story, she tells on herself in how she was interpreting each situation, until God showed her the bigger picture. It's a refreshingly honest look at one person's walk with God, quirks and all. I'm glad to know I'm not the only one.0 of 0 people found the following review helpful. Wonderfully Inspirational Short StoriesBy A CustomerThe book was easy to read because it's a collection of short stories.I wasn't prepared though for how funny and inspirational those stories would be. At times I laughed until I cried. I've read several of the stories over and over again just because they're so good. The author definitely has a way with words - and definitely writes about situations that we can all relate to.The reader will be inspired over and over again.

This conversationally written book is a collection of short stories embraced by believers and nonbelievers alike. The stories will make readers laugh and cry as they relate to the honest accounts of Robin Hardin's spiritual journey.
