us!! Never has this been more illustrated than in this book!! My litmus test for a book being worthy of my time is simple. "Does it make me want to get closer to, spend more time with, my Heavenly Father?" The answer from this book is a resounding YES!!! 1 of 1 people found the following review helpful. Easy thought provoking read. By Ezra M. This is a wonderful tale of a man's (and his dogs) journey to awareness and connection with the divine in any moment. He shows us the opportunities to see God in all moments of life. Also very funny.

Walking with God is a reminder of how faithful a man's best friend can be and how generous man's Creator can be. This is a journal of God's desire to speak into our lives as often as we let Him, and His willingness to use our canine companions to share that wisdom to us. This treasure trove of anecdotes is great for dog owners, Christians, and fans of humor and insight alike.
