Love Baby Blues, but this is just an oversize book By Scott Jefferies I love Baby Blues and sort of expected this book to be a little bit more than the usual collection due to its physical size. I was disappointed to see that the bigger pages don't have any additional content on them - still 3 dailies or 1 Sunday to a page. The rest of the page is just "space". Still a great strip tho - I really love Baby Blues. 0 of 0 people found the following review helpful. Five Stars By Ronald G. Raithel Best ever family comics.
