**Floyd Gottfredson : Walt Disney's Mickey Mouse Vols 9 10: Gift Box Set (Vol. 9 10) (Walt Disney's Mickey Mouse)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Walt Disney's Mickey Mouse Vols 9 10: Gift Box Set (Vol. 9 10) (Walt Disney's Mickey Mouse):

The story line is not that important to me, it's all about the artwork and detail. These are high quality works of art. A great collectable.4 of 5 people found the following review helpful. Nearing the end and winding downBy Jim GrayI'm actually kind of glad the series is winding down, as it's gotten past Gottfredson's prime period, and it gets expensive after a few years. Every Xmas I buy the 2 latest volumes in a slipcase, but if there's only going to be a volume 13, as is rumored, then it won't be in a slipcased pair. I still like the cartoon style, but when Mickey no longer has the classic eyes and 2-button shorts, it just isn't the same. By this time, he's wearing pants and a fedora. None of it seems as inspired as the early volumes, but I'm enough of a Gottfredson fan to want to see it to the end. There is, fortunately, an appearance by our favorite villain, Black Pete. Let's face it, but the time these strips were published, the fabulously popular Mickey Mouse was being eclipsed by Disney's newer star, Donald Duck.1 of 1

Fantagraphics is continuing to provide important volumes of comic/comic strip history. The works of Floyd Gottfredson deserve to be rated equally with those of Kirby, Barks, Stanley, et. al. Wonderfully priced - an excellent addition to your library.
