0 of 0 people found the following review helpful. A brief read packed with what everyone one needs to know By Midwest Book Review Wannabe Guide to Golf is simple, straightforward primer to the basics of golf. Chapters cover

golf's origins, scoring, fundamentals such as how to swing and selecting the proper golf club, putting, navigating hazards, golf etiquette, a liberal sprinkle of golf jokes, and much more. A brief read packed with what everyone one needs to know to feel at home on the course, especially recommended for anyone invited to share their first game of golf with business or personal colleagues.

It used to take years to sound like a golf pro. No longer. Funnyman Jack Mingo will teach you how to achieve your dream in the comfort of your easy chair...and you won't even have to pay green fees! Even if you don't know a five-iron from a tire iron, or a mashie from a niblick, Mingo shows you how to look, act and feel like a putter instead of a putz.
