**Roger Welsch : Weed 'Em and Reap: A Weed Eater Reader** before purchasing it in order to gage whether or not it would be worth my time, and all praised Weed 'Em and Reap: A Weed Eater Reader:

Join best-selling humorist Roger Welsch as he gathers and prepares wild fare, and soon you, too, will be able to amaze everyone around the campfire by serving up a salad, stew, vegetable, drink, or dessert made from ingredients found

within yelling distance of the tents. This fun-to-read yet practical guide teaches more about morels, cattails, and smut (the fungus kind) than you ever thought possible. There's also information on making wines, jams, and jellies, and even gathering and enjoying acorns the Native American way.
