Zack Guido : What Am I?: A Collection Of Traditional Word Riddles - Volume One (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised What Am I?: A Collection Of Traditional Word Riddles - Volume One (Volume 1):

1 of 1 people found the following review helpful. Well done and lots of fun!
By Don Kidwell
For someone like myself whom is not all that much into trivia and/or riddles, I can't overemphasize how well organized this book was! I thought I'd be overwhelmed by the complexity of the riddles at first until I realized I actually knew some of the more famous classic riddles, and then before I realized it I was asking other members of my family what the solutions where to some of the "What Am I?" riddles. If it sucked me in like it did, I can only imagine how much people who love riddles will love this book. Very good!
4 of 4 people found the following review helpful. Great collection, can't wait for more volumes
By Adam Davenport
I got this expecting a bunch of familiar riddles. Instead, I was pleasantly surprised with fresh material and a good mental workout. I've enjoyed sharing some of these with my coworkers, who began to crowd around to help solve some of the difficult ones. If you enjoy the riddles you see in the sample, then you'll enjoy the rest of them!
5 of 6 people found the following review helpful. Riddle me this!
By J. Chambers
Coincidentally, a few hours after finishing the book of word riddles, I was watching a Civil War movie where there was a campfire scene, and one of the soldiers was reading from a book of riddles to his compatriots. Assuming that the film was historically accurate, these kinds of riddles have been popular for at least the last 150 years. After introducing the famous riddle of the Sphinx, author Zack Guido presents nine riddles from J.R.R. Tolkien's "The Hobbit." I've read the book, but it was so many years ago that I forgot the answers to the riddles. They're very tough, and I had to look up the answers. Fortunately, the rest of the riddles in the book aren't quite so tough, although they're challenging enough.
The format of the book is ideal for this kind of Q and A material. After each riddle is a link to the answer, and after the answer is a link to return to the riddle. It makes looking up the answers when you're stumped very easy, and you can't accidentally see the answers to other riddles.
Riddles aren't for everyone, but if you enjoy mental challenges that require a different kind of thinking, they can be a lot of fun.

This is a collection of 75 fun, challenging, and satisfying wordplay riddles! A drastically different yet essential counterpart to my first collection of riddles, "Of Course!", these are easy-to-remember and fun-to-share word riddles that describe some object, thing, or place. Typically they follow a limerick-inspired rhyming structure and sometimes have pretty out-of-the-box answers. This book is filled with the classics that many riddle-loving people will be familiar with, and also filled with many new and original riddles that you can be sure you've never heard before. The difficulty ranges from easy to quite difficult, but never are these riddles so cryptic and "tricky" that you won't be able to figure out the answer with enough thought. Even the simple ones feel good to solve. They are designed to be satisfying, tight, and fulfilling. It is my hope that not even one of these riddles leaves a feeling of "well that was stupid" or "that doesn't make any sense". They are meant to be written so that as soon as you think of the solution, you are completely sure that that is the correct answer! In case you are unfamiliar with this style of riddle, here are a few classic examples from the "Classic Riddles" section of the book that display the range of wordplay and styles. I don't want to spoil anything so the solution to these riddles can be found in the book! You can also use the "Look Inside" feature that Amazon provides to get a preview of more riddles and see if this format is something you will have fun with. ----- 1) The more I dry, the wetter I get. What am I? 2) Forwards I am heavy, backwards I am not. What am I? 3) The poor have me; the rich need me; and you will die if you eat me. What am I? 4) You can crack me; you can make me; you can tell me; you can play me. What am I? ----- This book should give you many hours of enjoyment and a nice workout for your brain! Please enjoy!
