Tobin Tullis : What Seems to Be the Problem? before purchasing it in order to gage whether or not it would be worth my time, and all praised What Seems to Be the Problem?:

0 of 0 people found the following review helpful. FOH this is a must read!!!By Michael FrazierTobin Tullis writes in a way that feels like he's right next to you tell you his life story and is great at characterizing all the different walks of life that come into eateries.2 of 2 people found the following review helpful. A thoroughly enjoyable read!By ChrisIf

you've ever worked in a restaurant or the service industry this book is full of flashbacks and memories you will instantly reflect back on. If you have never had the pleasure of serving others for a living, this is an eye opener and guide to prevent you from being "that guy". This book is full of smiles, relatable stories, and is just a thoroughly enjoyable read. I look forward to Toby's next book!

By Michele
This book tells it like it is -- what it's like to work in a restaurant and what the life of a restaurant manager is like. There are numerous humorous parts. But it isn't all fun, there is a lot of hard work, long hours, and some darker moments as this memoir shares the author's personal experiences and life journey. I found myself rooting for him, as well as learning a lot about the Food Beverage industry along the way. Enjoyable read.

Having good people is the wildcard of running a successful restaurant. In *What Seems to Be the Problem?*, Toby Tullis tells it like it is as few have ever dared. Toby captures the humor and insanity behind the scenes in the restaurant business. One part *Bourdain's Kitchen Confidential*, and one part *Danny Meyer's Setting the Table*, this great book explores how restaurants try to give the people what they want while having no idea what that is!
