By Amy Kincaid
Great gift for the daddy of the new baby. The original version is great so adding a book for daddy is certainly helpful. Now the problem with be to get the daddy to actually read it!

By motheroftwo77
Bought for husband because this pregnancy was my 3rd and his 1st.... and hes not much of a reader, not into the normal selection of pregnancy books. Ended up reading it myself and laughing my butt off at the same time. There is humor, yet educational facts. Also the author is sure to educate the readers on how to tend to expecting mama, insight for the expecting father on moods and emotions, how and why to be sympathetic.... and explains things in "man" terms so that the expecting father truly understands. I loved reading my favorite parts to my husband so we could both laugh. Do not recommend if you get easily offended because this is a book from a mans view so there are some parts that truth is spoken about a hormonal pregnant mama haha. Keeping definately to read with last pregnancy and will recommend to all my friends.

Gave as a gift as to my son to help with being a new father. Seems like he read it and is genuinely interested as a result of this gift.

In this classic parody, Thomas Hill presents the testosterone-inspired answer to the bestseller *What to Expect When You're Expecting*. The third edition of the best, funniest father's guide to having a baby, *What to Expect When Your Wife Is Expanding*, is now thoroughly revised and updated, but it's still packed with information, advice, and attitude distinctively for guys. Originally conceived as a little parody, just something funny and helpful for the expectant man, the book is now a classic gift, passed knowingly from one generation of first-time papas to the next. With this lighthearted, month-by-month instruction manual on the care and nurture of a pregnant wife—the main role of expectant dads—he'll handle all the important milestones and topics: what not to say during the three phases of labor; what to buy, how many, and when; maintaining work-life balance; maintaining work-life-wife balance. New features in *What to Expect When Your Wife Is Expanding* include: The minefield: the wrong gifts for your pregnant wife
Social media pregnancy etiquette: status update! Eight reasons why not to pick out maternity clothes
What to Expect When Your Wife Is Expanding also features the latest trends! Festive gender-reveal parties. (Really!) Updated baby name guide, including Twitter hash tags. Cloth diapers: The debate is back!

"While originally conceived as a parody on a certain familiar bestseller, this funny resource actually contains plenty of helpful advice..." (Kate Wallace, *Atlanta Parent* magazine) "...full of sound advice any father-to-be will appreciate."
(Brett Cohen, *Cape Cod Times*)
