Kenneth Robert Spring : What Were You Thinking? before purchasing it in order to gage whether or not it would be worth my time, and all praised What Were You Thinking?:

0 of 0 people found the following review helpful. Review by On The Water's Assistant EditorBy A Customer... "What Were You Thinking?" by Kenneth Robert Spring. Mr. Spring grew up summering in Onset, Massachusetts, and getting into all kinds of adventures on and around the water. Those adventures continued into adulthood, and the author

eventually decided to preserve them in this collection. Fishermen will thoroughly enjoy many of the boating and fishing misadventures, and even the stories that don't directly relate to either will be entertaining to anyone who appreciates the culture that surrounds a coastal fishing community. 0 of 0 people found the following review helpful. Read what Lefty Kreh, Author had to say. By A Customer "Look back on your youth and just about everyone participated in some wild or crazy things. Many were hilarious and you have often retold them. But there were some experiences that even now you can't believe you did or lived through them. Certainly, you hope your children never follow in your footsteps. What is most fascinating about these stories is that they will bring a rush of memories of the same type of experiences you had when you were young. You'll enjoy this book." Lefty Kreh, author and fly fisherman

Humorous, autobiographic chronicle of boating and fishing misadventures and disasters.
