The only problem is it is short. There are only 91 cartoons. I hope he writes another book, and it is a bit longer.If you want to read more you can check out his blog. I don't read very many one-line comics, but one that I always look for is 'Honest Jon', by Jon Clark. It is consistently funny and often cracks me up, which is not an easy thing to do. I also love his minimalist, deadpan drawings of his characters, and usually I see in them myself or someone I know. He really nails the humorous side of being LDS. -- Brian Crane Creator of the 'Pickles' comic stripJon Clark is like that guy on the back row in Sunday School making all the silly comments that has everyone around him giggling, only with these gags, he's sharing with the whole class. -- Arie Van De GraaffAbout the AuthorJon Clark is a published children's book author, a cartoonist, and a music composer for TV by profession.
