Samuel Kaplan, Phoebe Bronstein, Keith Riegert : When Ninjas Attack: A Survival Guide for Defending Yourself Against the Silent Assassins before purchasing it in order to gage whether or not it would be worth my time, and all praised When Ninjas Attack: A Survival Guide for Defending Yourself Against the Silent Assassins:

0 of 0 people found the following review helpful. Cheesy and stupid. But honestly I expected thatBy PwillCheesy and stupid. But honestly I expected that, and bought it for that. I am not disappointed, just understand what you are buying.1 of 1 people found the following review helpful. A Life Saving ManualBy City CommuterThis book is

hysterical. And vitally informative. Everything I needed to know about the "ninja assassin" is laid out in clear, sharp detail. Not only do I now understand who ninjas are and where they come from, I also have drafted a comprehensive bug-out plan and have started digging a formidable moat around my apartment building. Thanks to this book, I sleep better these days and the world seems a little less intimidating. 2 of 2 people found the following review helpful.
Hilarious Read By Jesse Barnes I went to the store looking for a humor book, and after looking at a few, I decided to buy "When Ninjas Attack." I couldn't have made a better choice. It was so funny, I gave my copy away to a friend to read so we could share laughs. I'm also giving this book as a holiday gift to my entire extended family. I would recommend this book to anyone who has a sense of humor.

CAN YOU SURVIVE A NINJA ATTACK? It will come without warning. It will be silent, ruthless and over in seconds. But will it be your end? When the barrage of razor-sharp ninja stars flies and the sword-wielding assassin charges, the secret ninja-killing techniques in this book will allow you to turn certain death into glorious victory. When Ninjas Attack is a comprehensive guide to defeating these black-clad warriors: *How to spot a ninja before it's too late* Elite counter-assassination techniques* Booby traps to ninja-proof your home* Deadly weapons for dispatching an assailant* Secrets of ninja training and mind control* Infiltrating the world-wide network of ryus

"This lighthearted book won't give you all of the life-saving advice that you can find in The Complete Worst Case Survival Handbook, but it will make you laugh out loud. The authors, who make the case that ninjas are the most dangerous problem facing the world in the 21st century, have put together one of the funniest parody books since America by Jon Stewart and Stephen Colbert." --Tom Gilbert, Hubpages.com, December, 2009
