Great TMW CollectionBy Ben BrennerThis book is a necessary and important part of any comic fans collection. If you don't have it already I highly recommend getting it.1 of 1 people found the following review helpful. Fun was never more seriousBy Simon Barrett 'Il Penseroso"The one on Glass-Steagal (3 November '99) sends shivers down the spine\*, the one on pharma two pages later scarcely less so, but my favourite of all is perhaps the one on page 95. This collection comes blessed with a Dave Eggars intro, if that adds value for you (he and Dan, aka Tom, were mates), and a reflective\*\* cover that inexplicably never fails to gladden the heart. A good deed in a naughty world! See the world the all-American way without quittng your seat!!\* [May 14] Shoot, the strips are ordered erratically and dated sporadically; it's on page 84\*\* actually reflective isn't the word, but I don't know what is. Anyone out there help?

As the country heads into the non-stop madness of a presidential election, there is nothing that it needs more than a dose of Tom Tomorrow's social and political satire. Read by more than twenty million readers, Tomorrow has his finger on the pulse of the times, to enthrall or enrage - and occasionally both - with his work. When Penguins Attack!!! brings back Sparky (the most dyspeptic cartoon animal in the business) and the rest of the cast as Tomorrow casts his perenially jaundiced eye on politics, the media, social trends, and everything else. So sit back and settle in, for

Tomorrow is the cartoonist for today.

"Tom Tomorrow is more than a cartoonist. He's a multi-media columnist, saying infinitely more with a combination of words and images than with words alone. And unlike even the best traditional political cartoonists, he does more than come up with clever images or wordplay to make a humorous political point. His strip informs." --New Haven Advocate  
"Tomorrow takes wide, powerful swipes at our conspicuous consumerism, at the way mainstream media distort events, and how we all, whether we admit it or not, let the media interpret reality for us. Pretty heady stuff for cartoons. And awfully entertaining to boot." --Creative Loafing  
"Sparky the Penguin is among the best of the new generation." --San Francisco Examiner
