Anastasia Catris : Where's Trump?: Find Donald Trump in his race to the White House before purchasing it in order to gage whether or not it would be worth my time, and all praised Where's Trump?: Find Donald Trump in his race to the White House:

0 of 0 people found the following review helpful. I bought this for her as a bit of a gag gift and I knew she didn't actually like it (she'd prefer "gifts from the heart") but whBy KhouriThis thing cracked me up. It was a holiday present for a...not actual Trump supporter, but someone who greatly respects the office and is surrounded by people on a daily basis who cannot stand him.I bought this for her as a bit of a gag gift and I knew she didn't actually like it (she'd prefer "gifts from the heart") but what got me was that she actually packed it with her when we all traveled together on the 26th. It meant she intended to flip through it in the very least.Anyway, it's not meant to be taken seriously. If you don't have a sense of humor, don't bother. This book is funny as hell.0 of 2 people found the following review helpful. Boring - waste of moneyBy MariePoorly done - boring - some vulgar language0 of 0 people found the following

review helpful. Nothing To Find But A Boring Book By Michael E. Rank If you read Where's Waldo as a kid and were desperate to find a politically charged adult version, this book is for you. Each page is dedicated to one aspect of Trump's life. There's Mount Trumphmore, You're Fired, and even one dedicated to his days in the WWE ring. You have to search for things like the American Psycho, Sarah "Hockey Mom" Palin, or Vince McMahon. It's a funny enough "tribute" or "attack" on Trump, depending on how you want to look at things, but just like with Where's Waldo, the book just gets boring after a couple pages. If you have nothing better to do, and this is just laying around, it'll be a couple minutes of fun. It'd even make a fun gag gift. But I wouldn't recommend actually buying this book because you want to support people making fun of Trump. Buy Michael Ian Black's A Child's First Book of Trump for that.

'Winners aren't losers!' Can you spot the Donald? In an array of crowded scenes, from building a wall around Mexico to carving his face into Mount Rushmore, at a Trump wrestling match, a golf course in Scotland and having fun at a Tea Party rally, search for Donald J. Trump amongst the masses. With tons of in-jokes and bonus material to find (including Obama's birth certificate and his trademark toupee), plus cameo appearances from Sarah Palin and other high-flying pals, this book provides hours of fun for the haters (and lovers) of the all-American phenomenon that is TRUMP. A classic and fun gift book, tracking Trump around the world will be endless amusement for all the family.

About the Author Anastasia Catris graduated from Royal Holloway, University of London with a BA Hons in English Literature and then travelled to the United States to pursue her passion for illustration by studying at The Kubert School of Comic and Cartoon Art. She returned to the UK in 2009, and has since worked as a freelance illustrator for HarperCollins, Kerrang!, Fox, Marvel, DC and Cygnus Alpha: The Doctor Who Fanzine. Ana lives in Wales, United Kingdom, and is an advocate of art therapy and of the calming power of colouring in.
