Andrew Davies : Where's Zayn: and many others.... Which Direction? before purchasing it in order to gage whether or not it would be worth my time, and all praised Where's Zayn: and many others.... Which Direction?:

0 of 0 people found the following review helpful. My sister and I loved Where's Waldo books growing up By Customer My sister and I loved Where's Waldo books growing up, so mix in One Direction it was the perfect just for fun Christmas gift!

In the great tradition of Wheres Bin Laden?, Wheres Michael? and Wheres Elvis? comes Wheres Zayn? With 1D heartthrob Zayn Malik recently leaving the band after a whirlwind five years, and breaking the hearts of millions of fans, the quintessential boy band is still very much in the news. This fun book taps into the worldwide fascination with 1D, where fans not only have to find Zayn but also a cast of thousands. Along the way, the boys find themselves in a

variety of situations on stage, on tour and on film in countries all around the world! Full of pop culture references, in jokes and naughty bits, *Wheres Zayn?* is a must for anyone who loves the band, are fans of pop culture or those who just want to have a good laugh. (Andrew Davies)

About the Author Andrew Davies is a designer and illustrator of a range of works as diverse as atlases and childrens books. Andrew, a father of two, conducts drawing and art classes for young people. He also publishes and illustrates the award-winning Primary Physics text books, and is the author and illustrator of *The Big Brain Book* (Harper Collins, 1993).
