I have both of her books and the 2015 calendar, and now the 2016 calendar! I enjoy seeing a different funny clip every day (one over the weekend) - they always cheer me up. After flipping through this edition to find my own photo, I notice that there are plenty of new faces and posts. Don't get me wrong, Hector is funny, but I think we're in for a very enjoyable 2016 as we tear off a new page with the starting of every workday.0 of 0 people found the following review helpful.
