Jim Dawson : Who Cut the Cheese?: A Cultural History of the Fart before purchasing it in order to gage whether or not it would be worth my time, and all praised Who Cut the Cheese?: A Cultural History of the Fart:

0 of 0 people found the following review helpful. Truly laugh out loud funny!By Sarah HeadWithin the first 5 minutes of reading this, I was laughing out loud. Reading even further I was enjoying full belly laughs!This book is one of a kind, and to anyone who find farts even remotely entertaining, this book will keep you giggling from beginning to end.Only wish I could give it more stars!2 of 2 people found the following review helpful. Hilarious and Historically SignificantBy Eric HoltermannThis book was a hilarious gift I purchased in 2006 as a gag present. What was

originally intended to be a gag, turned out to be an actually pretty historically accurate account of the fart. I would recommend this to anyone looking for something a little extra in a gag gift - or for those looking to legitimately learn more about flatulence. 0 of 0 people found the following review helpful. Four Stars By Moi Aussi The best book I've yet read on "The Other F-word"

We've told you HOW TO SHIT IN THE WOODS. We've taken you UP SHIT CREEK. Now, we dare to ask the eternal question...WHO CUT THE CHEESE? Which is to say, what exactly is a fart? Why do we do it? Why do we hide it when we do it? And why do we find farts so darn funny? A cut above anything else on the subject, this book really lets go and tells all, getting to the bottom of these mysteries. Author Jim sniffs out a load of historical and scientific fart tales, then offers the kind of fun facts you'll be dying to let slip at social occasions, in chapters like "Fart Facts That Aren't Just Hot Air," "Gone with the Wind" (on famous movie farts), and "Le Petomane the Art of the Fart" (on the most famous windbag in history). From fact to fiction to frivolous flatulence, this book is unquestionably a ripping good read.

About the Author Jim Dawson is a product of West Virginia University, which at this very moment is probably burning his student records. Along with being a real smart feller (or something like that), he's a former editor of Hustler magazine and the author of several books that very few people have read, including the critically acclaimed WHAT WAS THE FIRST ROCK 'N' ROLL RECORD? Dawson lives in Hollywood, California.
