Not the original Who FartedBy Darren McHughThere was a very good book of the same name in circulation in the 80s. This book is a very bad substitute for the original. If I had of realised it wasn't the same book I never would have ordered it.

The people in these photographs might appear to be the picture of elegance and sophistication, but some of them have revealed a little more than they intended — and it hasn't gone unnoticed. That's right: wind has been broken, gas has been passed, bodily vapors expelled, flatulence indulged in. Can you guess who's responsible? This hilarious gift book demonstrates why toilet humor endures — even after repeat flushings.
