**Parragon Books Ltd : Wild Pocket Book of Coloring** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wild Pocket Book of Coloring:

3 of 3 people found the following review helpful. DisappointingBy Cindy NDisappointing little book The ink is too heavy for such a small book. Overwhelms the page. No full pages. It looks like someone put a template in the middle of a larger page and cut it out. This goes on the back shelf.0 of 0 people found the following review helpful. I love the portabilityBy Customer pbohlerI just received this handy little book. It is just the right size. I love the portability. Some of the pictures are cropped a bit too closely, but that's forgivable. Spiral type would be appreciated as it will take some work to get it "broken in" which is a challenge for arthritic hands but I will do it! I will enjoy this book.2 of 2 people found the following review helpful. Five StarsBy Joan A. HarrisNice little portable book
