A. A. Milne : Winnie Ille Pu before purchasing it in order to gage whether or not it would be worth my time, and all praised Winnie Ille Pu:

1 of 1 people found the following review helpful. Better than OvidBy LeighThis familiar book is a great way to refresh or strengthen your Latin skills. The Latin translation is well done and fun to read. Reading children's books is a standard way of helping reinforce language learning, and now we have the same opportunities for Latin.Reading a well known book can be a great way to keep a language in mind over the summer, when you are not attending regular language classes. Winnie Ille Pu can help minimize the summer slide at least with Latin.1 of 1 people found the following review helpful. He absolutely loved it. He said it was very well translated ...By Grace WebbI got this as a Christmas gift for my boyfriend, who speaks and teaches Latin. He absolutely loved it. He said it was very well translated and he is really enjoying himself as he reads through it. The only downside was that it took quite a while to finally arrive, several weeks after I ordered it, so I had to give it to him late.3 of 3 people found the following review helpful. A GemBy BJSThis is a lovely book about a lovable bear, his friends and adventures. If you like Winnie you should love this book. The Latin is fairly easy to understand and gives Winnie a new appeal. If you find this book easy you could give Insula Thesauraria (Latin Edition) a try, if you're in need of something a bit easier have a look at Puer Zingiberi Panis: et Fabulae Alterae (Latin Edition) and Musici Bremae: et Fabulae Alterae (Latin Edition).

A Latin translation of Winnie the Pooh, by A.A. Milne, was published for the first time in 1960. Alexander Lenard, the

translator, was also a physician, painter, musician, and poet, but he is most famous for *Winnie Ille Pu*. The book is the only Latin book to become a New York Times best seller - it remained on the NY Times list for 20 weeks.
