OK. but old stuff.By Michael SpringerSome of the lines were funny, but most of it is old one line humor. It is mediocre at best.0 of 0 people found the following review helpful. The best!By J. StudebakerI bought three books that all just arrived. I laughed more in the first ten pages of this book than in the other two joke books combined. Plus, most the jokes are only one or two sentences. The jokes are so funny and so short they're a breeze to memorize. This is the book I've been searching for!

Laughter is power. Nothing livens up a presentation like well-placed jokes, which can take an audience from bored disinterest to rapt attention in seconds. In this ultimate collection of one-liners, author Pat Williams, one of the country's top motivational and inspirational speakers and senior vice president of the Orlando Magic, shares the jokes he has been using to win over audiences for over forty years. Arranged into more than 200 categories—from airlines and politics to world conditions and zoos—these 3,400 battle-tested funnies, delivered before a rich variety of audiences, will keep readers roaring. While many other joke books offer material that is either not very funny or off-color, *Winning with One-Liners* provides clean, wholesome entertainment for all audiences. Sometimes we all need a good laugh, and Pat Williams shows how to do it right in this indispensable book for all speakers.
