**Michael Z. Williamson : Wisdom From My Internet** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wisdom From My Internet:

0 of 0 people found the following review helpful. Five StarsBy CustomerGreat book stuffed full of snarky wit from MZW. It's currently my go-to book for bathroom reading.0 of 0 people found the following review helpful. A great bathroom companion.By Dale C. FlowersI keep this in the bathroom and open it to a random page while at work.0 of 0 people found the following review helpful. Classics from a master of sarcasmBy Terry BuyersIf you follow Mad Mike

online, here is a place to find many of the best bits gathered together for convenient perusal. If you don't follow him online, you probably should.

You learn some amazing things on the internet. The War of 1812 was just a dispute over labor and hiring practices. Pico de Gallo was not a conquistadore. Hugo Chavez is not a line of clothing. There was no medieval siege engine called the Battering Lamb. Americans apparently like debt--they keep voting for more of it. Join SF writer and satirist Michael Z. Williamson for a collection of snark, comments, random typings and alcohol-fueled puns that is worth at least half the cover price. A 2015 Hugo award finalist.
