Benjamin Franklin : Wit and Wisdom from Poor Richard's Almanack (Modern Library Humor and Wit)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Wit and Wisdom from Poor Richard's Almanack (Modern Library Humor and Wit):

0 of 0 people found the following review helpful. "Poor Richard" sounds offBy Allen SmallingThe Eighteenth Century

was less hindered than our age by copyright restrictions. Thus much of what Benjamin Franklin, in his "Poor Richard" persona, published was in fact gleaned from earlier writers. Never mind that: these witticisms and pithy sayings are genuine Americana and well worth reading -- and owning. This inexpensive Dover edition is far from comprehensive, but what's in it is good. 2 of 2 people found the following review helpful. An old book for modern times
By Jmcenanly
If many of the quotes in this almanac seem familiar, it is because they have been repeated often since Benjamin Franklin set them down. Many times, he seems to be speaking directly to us about modern problems, both national and personal. If more people read and heeded these proverbs, we'd all be a lot better off. 0 of 0 people found the following review helpful. The Sayings and Writings of a Great Man!
By G. Townsend
This little book contains much wisdom. Benjamin Franklin was a treasure and a very impressive man. He is, indeed, remembered fondly as one of our greatest Founding Fathers!

Franklin's Autobiography is one of the most famous works in American literature. He started it as a private collection of anecdotes for his son, but soon it was transformed into a work of history, both personal and national, revealing Franklin as the man who, as Herman Melville said, possessed "deep worldly wisdom and polished Italian tact, gleaming under an air of Arcadian unaffectedness."

"If you want the brutal truth, I did not expect to get much useful information out of Poor Richard's Almanack. I wondered, what could Benjamin Franklin--a guy who has been, no offense, dead for more than two hundred years--possibly have to say that would be relevant to a resident of today's dot-com world? Plenty, as it turns out."--from the Introduction by Dave Barry
From the Inside Flap
Franklin's Autobiography is one of the most famous works in American literature. He started it as a private collection of anecdotes for his son, but soon it was transformed into a work of history, both personal and national, revealing Franklin as the man who, as Herman Melville said, possessed "deep worldly wisdom and polished Italian tact, gleaming under an air of Arcadian unaffectedness." From the Hardcover edition.
