Christopher Hiedeman : Witch Helga Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Witch Helga Coloring Book:

1 of 1 people found the following review helpful. SIX SKETCHES REPEATED TWICE on separate pages for a total of 13 pages (one being the intro page) and measuring approximately 6"x8" By EdAt approximately 1/8 of an inch thick, SIX SKETCHES REPEATED TWICE on separate pages for a total of 13 pages (one being the intro page) and measuring approximately 6"x8" The DISAPPOINTMENT at receiving Witch Helga was much larger then its size or content. The sketches seem rushed, unfinished, very armature as if doodled while being board in math class lending to the reek of being self published. Certainly not worthy of gift giving.

Witch Helga is a visual extension of the original short story "Helga The Witch". Helga creates beauty in the world around her, and in return, the beauty Helga casts upon the world becomes her in these intriguing illustrations. Add color to bring these illustrations to life! There are two of each of the six illustrations (12 total sketches) so you can create different looks! We recommend using colored pencil. If you would like to use marker, place a sheet of paper (or two) in between the pages to protect the other designs. Enjoy!
