**Amanda Newman : Women Are From Venus Men Are From Hell** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Women Are From Venus Men Are From Hell:

0 of 0 people found the following review helpful. Very disappointing By WES Just a collection of silly sayings. No substance. 2 of 8 people found the following review helpful. Funny! By rkp1 I didn't understand before buying this book that it was just a collection of short quotes - but it's hilarious! If you've ever felt frustrated dealing with men, you need

this!6 of 7 people found the following review helpful. Not for anyone with a son, husband, father or brotherBy Robert SwensonThink about it. If there were a book like this about Women, wouldn't there be an uproar of amazing proportions? Ladies are Women of higher standards.Ladies: if you love and respect your husbands, your sons, your brothers or your fathers at all, why would you support this kind of treatment towards those men?And we wonder why Men and Boys are "going Galt", withdrawing from society and such.For decades now, mainstream TV has been dominated by the images of Tim "the Tool Man" Taylor, Raymond, Homer Simpson and a wealth of "loveable idiots". How many positive representations of Men do we see?Men are the enemy in the all new #rapeculture craze. Not one man; not a small percentage of men; ALL MEN. (Even though there are female rapists and pedophiles, and those cases are not treated with nearly the same gravity. Punishments are entirely unequal or nonexistent. In fact, elements of the feminist movement are now calling for women to never be imprisoned or punished for breaking the law. Egalitarianism has been dumped; dominion and oppression are the new goals of Third-Wave Feminism)Yes! There are stupid Men. And, there are stupid Women, too! It seems our society is becoming filled with people of evil intent and stupid thinking. People who, for the most part, know how to write their own language less-well than youths who learn English as a second (or, third) language in other countries.Great: there are pithy and amusing quotes about Men. But is saturating yourself or others with this what you really want? If you are in an unhappy or failing marriage, this will pull the plug on its life-support, not save it or save YOU!I could recommend a number of other books for such persons. First and foremost, though, would be, "The Care and Feeding of Husbands", by Dr. Laura Schlesinger.The premise of the book is that Men are simple creatures, that women are most in control of relationships, and how to have the marriage you want. It sounded demeaning at first, but the funny thing is, almost no man will disagree with what is said in there. It blew me away how much Dr. Laura pinned me to the wall. And, for me, the women in my life have definitely always been "in charge". The methods and techniques work. More than anything? That book is about understanding males and how they are different. Realizing ways that they show their love. And understanding the deep, emotional needs which they have. Men will, quite literally, go to their deaths to protect you and your children. That is their job, as they see it. Don't treat that kind of devotion lightly.Merry Christmas to you. I wish you happiness.

Here's the final word on the subject of men! Any women who's ever been disappointed in the opposite sex will savor Women Are From Venus, Man Are From Hell-a collection of witty, keen, and satirical observations about men's faults, flaws, and foibles. And the poor fool makes it so easy. Men are stupid and women are crazy. And the reason women are so crazy is because men are so....stupid. -George Carlin I got divorced recently. It was a mixed marriage. I'm human, he was Klingon. -Carol Leifer It's a man's world, but women are running it, secretly. -Cheri Oteri The only thing that keeps me from being happily married.....is my husband -Andra Douglas My husband said he needed more space, so I locked him outside. -Roseanne

About the AuthorAmanda Newman spends her days proving her hypothesis about the other gender and lives in Phoenixville, PA.
