Susan Alison : Woofs of Wisdom on Writing - Illustrated Doggerel before purchasing it in order to gage whether or not it would be worth my time, and all praised Woofs of Wisdom on Writing - Illustrated Doggerel:

0 of 0 people found the following review helpful. Caninical Thinking here...By jolisSusan has the greatest way of illustrating and telling the canine author rules. Fantastic, fun read. Great for kids, too. Although I like to think of myself as a kid, I must admit to being over a half-century old and this book tickles me and elicits giggles. ;)

Inside the pages of this book you will find CorgiScribe's pearls about being a writer. You might agree with him - or - you might not. He can cope with a difference of opinion as long as you throw frisbees or bones at him, and not - you know - rocks or centipedes... This book has been dictated to me (Susan Alison) by CorgiScribe so that I can translate his woofings into Hoomun. (I would never call my own words wisdom, but CorgiScribe has no such qualms). There are 47 pictures (from my paintings) over 90 pages in this book. ('The Corgi Games' has 22 pics over 45 pages.) The illustrations throughout the ebook and paperback are in full colour. We are openly saying this is a book of doggerel (and full colour paintings of dogs) - that's the same as saying it's a book full of nonsense rhyme, comic verse, irregular rhythm... We're saying that all up front so you don't have to (especially the 'nonsense' bit.) We feel the need to say, too, that there is much mention of 'rears' and 'butts' in this book - they're an obsession of CorgiScribe's. Understandably. PS It says 'ruther' on page 26. It's not a typo - it's earned its place by rhyming with 'other' - which 'rather' doesn't. jus' sayin'

About the Author Susan Alison lives in Bristol, UK, and writes and paints full-time. She paints dogs and cats, especially Border Collies, Corgis, Whippets and Greyhounds, and er cats. Every now and then she paints something that is not a dog or a cat just to show shes not completely under the paw mainly, shes under the paw... Short stories of hers (not usually about dogs or cats) have been published in womens magazines worldwide. Her romantic comedy novels have become bestsellers on . There is another book of illustrated doggerel, The Corgi Games, and a book of illustrated short stories, all in ebook and in paperback. On her website at you can read all about the Stupendous Awesomeness that is Jeff-Dog and you can also sign up for news of books whilst there if you wish.
