I love these dogs that are celebrated for being a little less than perfect. The stories are sweet and the behind the scenes is a lot of fun. Who knew how much went into this show? I brought this book to work and it is a huge hit with all of my coworkers. I need to buy everyone their own copy. Well written and excellent photographs.0 of 0 people found the following review helpful. ... to" source for the history and soul of this amazing event!By Linda ElmquistThe "go to" source for the history and soul of this amazing event!0 of 0 people found the following review helpful.
