The content can be crude, but that is why I had to have it! If you are thinking about buying this for anything other than a good laugh at some crude humor, then don't do it. I can't wait to break this out at the next get together!!!!0 of 0 people found the following review helpful. HOURS OF FUN...By Miss MercuryI bought this book because I had been given the original Would You Rather... as a gift and I loved it. When I started looking to buy one of the other books, it seemed like this Overstuffed version was a combination of all the others, and it is. On the back cover it lists that this book contains content from Electric Boogaloo, Love 7 Sex, Pop Culture, What's Your Price, and the Trippin' edition. So basically, its all the books rolled into one without having to buy all the others. And it's awesome. I have already made one coworker laugh so hard she cried. :) It was definitely a good purchase, although be warned it does have some adult content so it's probaly not for kids.0 of 0 people found the following review helpful. DisappointingBy Pittsburgh12Based on reviews this sounded like it would be fun on a road trip. If you like sex and bodily functions then you'll enjoy it. This may be considered funny for some adults, but it definitely isn't for families.

The comic phenomenon known as the Would You Rather? series finds its ultimate expression in this enormous compilation of deranged dilemmas more than 1,500 in nearly 500 pages! accompanied by zany illustrations, games, and comedic riffs. Authors Justin Heimberg and David Gomberg draw on everything from movies and music to food and drink in this collection that's perfect for groups, parties, or the lone reader who wants a good laugh.
