**Donald Trump's Hair : Would You Rather with President Trump** before purchasing it in order to gage whether or not it would be worth my time, and all praised Would You Rather with President Trump:

What better way to ask questions about the Donald than to use a childlike device? Between Donald Trump's hair writing books, his Tweets, and Alec Baldwin's impersonation, the next four years are definitely going to provide ample material for laughs. Of course, you

won't want to do most of the things in this book. Very unfair!0 of 0 people found the following review helpful. TremendousBy SerenaAnother tremendous and hilarious book by Donald Trump's Hair (be sure to read the autobiography too!). Unfortunately, I'm not allowed to participate in these "would you rather" game because I am a woman, but I'm sure they are fun. But you should get this book- it's so funny!0 of 0 people found the following review helpful. Five StarsBy CustomerHilarious and fun book!

Would You Rather with President Trump is the game of awful dilemmas and difficult choices. Discuss, debate and laugh your way through this book as you ask questions like: Would you rather have sex with a live Donald Trumpora recently dead, starting to get kinda cold, but still very pretty Ivanka Trump? Would you rather have your daughter adopted by Donald TrumporWoody Allen? Would You Rather with President Trump asks you and your friends inappropriate, hilarious and often disgusting questions. From the author of the international bestseller The Autobiography of Donald Trump's Hair.
