But when I heard that spine crack it was like my shell cracked and I was free from the ...By Jessica J.This book both gives me anxiety and relives it in a childlike way. I'm an avid reader and my books are my prizes possessions. So when the first page told me to crack the spine, I nearly cried as I bent the book in half backward. But when I heard that spine crack it was like my shell cracked and I was free from the chains of all of my books. Somewhere in the book you will find a page that tells you to attach a string to the spine of

the book and swing wildly. I recommend clearing the room of all living creatures and breakables. I think my little sister might still have a bump. But otherwise, this book was a fantastic experience and I recommend it for all ages. I am 24 and this is a fantastic stress reliever. 0 of 0 people found the following review helpful. Thin paper weird to the touch; not crazy about the prompts...just not for me. By shopgirl76 I know this is a super popular product and lots of people have done some amazing things with it. Personally, I didn't like the paper at all - it feels kind of weird to the touch and has significant ghosting, which might explain why so many people go all out with painting over the different pages. Some of the prompts seem, I'm sorry to say, ridiculous. This one just wasn't for me. 0 of 0 people found the following review helpful. Something fun to do...enjoy and share the excitement By Jessica Williams Love it. Couldn't put it down. I bought an extra copy for my sister 5000 miles away, so that we both can enjoy our journal until we meet again to experience our journey

Special limited red mesh cover edition of the internationally bestselling phenomenon with over 7 million copies sold! Paint, poke, create, destroy, and wreck—to create a journal as unique as you are For anyone who's ever had trouble starting, keeping, or finishing a journal or sketchbook comes this expanded edition of *Wreck This Journal*, a subversive illustrated book that challenges readers to muster up their best mistake- and mess-making abilities to fill the pages of the book—or destroy them. Through a series of creative and quirky prompts, acclaimed guerilla artist Keri Smith encourages journalers to engage in destructive acts—poking holes through pages, adding photos and defacing them, painting pages with coffee, coloring outside the lines, and more—in order to experience the true creative process. With Smith's unique sensibility, readers are introduced to a new way of art- and journal-making, discovering novel ways to escape the fear of the blank page and fully engage in the creative process. To create is to destroy. Happy wrecking!
