Pierre I've been a wrestling fan all my life and enjoy reading books on the subject, especially non-WWE books. This book is the size of a dvd and a very good read. The only confusing thing about the book is it has about seven blank pages towards the end. I guess it would be good for autographs. A very enjoyable read, probably can read it within a few hours. Highly recommend for wrestling fans. 0 of 0 people found the following review helpful. really cool By kevinwish it was longer 0 of 0 people

found the following review helpful. Very GoodBy JimmyJackI have several wrestling books,I would rate this in the top 5. There are many stories that I was aware of but many that were new to me. It is a quick read 1 to 2 pages per event. Add this to your collection, it is worth it.

Full of revealing interviews with the sport's past and present stars and candid shots from the world's foremost wrestling photographers, this book celebrates the game at its very strangest

"A thoroughly entertaining read." —WrestlingTruth.com
