**Gregory Bergman : WTF? Work** before purchasing it in order to gage whether or not it would be worth my time, and all praised WTF? Work:

1 of 1 people found the following review helpful. You Should Be Paid to Read ThisBy Rocky SunicoI picked this book up for free hoping for a good laugh about the work environment. Instead, I got a horrible sample of supposed writing that wasn't even funny. The jokes aren't even college level (given they also wrote a book WTF? College apparently) but it's far more juvenile than that. It fails to demonstrate any true intelligent wit nor does it provide any halfway decent advice (assuming you could even take this book seriously).I went as far as deleting this book entirely from my Kindle Library so I won't even see the cover anymore. Good riddance to bad rubbish.1 of 1 people found the following review helpful. UghBy Ravenskyal got this for free and thought it might be funny. I guess if I was 12 this would have been hilarious, but I'm not. It's just a stream of dick and fart jokes.I was hoping for some intelligent observational humor, or just some intelligent humor... but it wasn't there. None of it. The repetition of the jokes makes the book all the more annoying. If you are really interested and get this for free, don't expect much. But make SURE you don't pay for it, because it isn't worth the cyberspace it's taking up.1 of 1 people found the following review helpful. Thank goodness it was free!By PageturnerI barely read even 50 "pages" in the kindle edition before I was

finally sick of the childish humour in this work. It could have been an amusing concept and yes I read the previous reviews but I thought I may still enjoy it. I usually do like a bit of childish humour but not every single page two or three time a page and nothing else. Glad to have deleted this from my Kindle and as above thank goodness I didn't pay a single cent for it.

As if your HR Department didn't have enough to worry about, WTF? is holding its own office orientation. From dealing with workplace politics and romancing coworkers to climbing the success ladder or getting canned, WTF? Work shows you how to handle the daily lows of holding down a j-o-b. Whether you're sitting in the cubes or in the corner office, working the counter or bussing the tables, WTF? provides an employee handbook that's actually worth reading. It leaves the PC stuff to the professionals and instead delivers some not-safe-for-work advice for when your job has you saying, "WTF?" For even more f\*#!-ing fun, visit [www.WTFComedyStop.com](http://www.WTFComedyStop.com)

About the Author Gregory Bergman is the creator of the WTF series and a stand-up comedian. His BA in philosophy proved completely useless on the job market. Shocking. After slaving away for cold-hearted bosses in a variety of industries, he now lives in Los Angeles and freelances full-time, answering only to God . . . and his publisher. Jodi Miller checked her can of Aqua Net at the gate when she moved from New Jersey to Los Angeles to live her dream. When that ended, she became a comedian. Coauthor of WTF? College, she's also a writer on the Cinemax series Co-Ed Confidential.
