**Willow Creek Press : Yearbook Dogs 2017 Wall Calendar** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Yearbook Dogs 2017 Wall Calendar:

0 of 0 people found the following review helpful. Look forward to signing this yearbook all year long. By Yesterdaisy I'm so glad they're continuing these like I wanted! It's such a creative, fun, engaging, and relatable concept. 2017's crop of paw-picked graduates is as auspicious as this year's, representing another great variety of breeds and mixes. The primary criticism to be made is this: Why no quote attributions? The design of the grid half is obviously different (student's background color doesn't continue around it, smaller month names written horizontally in black but still in the "varsity" font), but it still looks fine. Last year's design for it was a little nicer, but I guess this is more realistic. Yearbooks are pretty much printed in black and white, after all. Nice to see some additional background color choices. Overall the quality of the design paper is equal to the first. Once again, everybody's a well-defined, rounded, developed, delightful individual. (This time I've got two clear favorites, and they're the ones leading off the year-- Daisy Lester, who's one of at least two Lesters in the school. xD Which is located in Georgia, according to a detail in Daisy's profile.) And Kiefer's nickname is the surname of a 2016 graduate. These are the sorts of details you get to enjoy in such a cool concept, so it comes highly recommended for anybody who loves dogs, humor, high school memories, and whatnot. 0 of 1 people found the following review helpful. Five Stars By Richard Jimenez I just like the calendar.

This masterfully computer-produced calendar is a hilarious canine parody of high school yearbook portraits. They're all here: mullets and nerds, prom queens and jocks, egotists and airheads. Twelve artfully absurd dog portraits that will make you say, Hey, I knew that kid in school! The large format, 18-month wall calendar features large grids with ample room for jotting notes and reminders. Also included are six bonus months of July through December 2016 as well as moon phases, U.S. and international holidays.

About the Author Our location in the Wisconsin northwoods helps keep Willow Creek Press off the publishing world's radar. Around here, we're more accustomed to landing walleyes and muskies than big books and authors - events hardly worthy of note in *Publisher's Weekly*. But, a few years ago we did get noticed with the release of *Just Labs*, a unique and colorful tribute to Labrador retrievers. The book quickly became a bestseller (now with 400,000 copies in print) and frankly startled us with its success. We were not surprised for long, however, and now an entire line of popular Willow Creek Press titles evokes the myriad joys of dog and cat ownership. Today we are known for high-quality, light-hearted books and the best Just breed calendars in the country.
