Pop and Kid Rank are hilarious. I have read all of their books, and each one surprises me! I can't believe they just keep coming up with more mamma jokes. I thought that they would have ran out by now. I wish I could go into detail about it, but you know you really can't with a book like this, especially this one. It is so f#*ing explicit. I haven't seen the "f" word used that much since I saw "Pulp Fiction" Those cat's is crazy! If you like to curse and put peoples mother's down for no good reason then buy this f*@king book! It'll really blow yo freakin' mind! Now all I do is rip on my own mom and try to think of new ones and when I do I'll be rippin' on yo mom, yo. Word to yo mother! Peace and I'm Audi 5000, G!P.S. Yo mamma's so fat, when I was in bed with her I rolled over twice and was still on the fat B@*ch! 2 of 3 people found the following review helpful. The ultimate book for "Playing the Dozens!" By A Customer Before reading this book, I never really knew how these jokes actually came about. Not only does this book explain the origin of "The Dozens", but you can also learn how to write your very own insults for playing the dozens as well. This book is great for parties, and for school yard fun. I was truely amused.

The ultimate collection of playful insults, from smart and snappy to down and dirty. Whether readers want to stump a

come-back master, or just have a few laughs, these clever put-downs are sure to entertain.
