By Chris Dean This is an amazing collection by some serious Mistresses of Humor. From the first page I was laughing so hard I snorted coffee up my nose! (I can't believe I'd never visited In The Powder Room before, but I'm definitely hooked now.) The chapters are all well written and the humor weaves seamlessly through the work of the various authors, supplying a steady stream of hilarity. I had planned to read one a day, but literally couldn't put it down. If you're a woman or a guy who just wants a peek into how funny and real we chicks get when we're alone, then I can't recommend this book highly enough.

By Carrie Received it within days of ordering...immediately popped it open and the giggles started!!! I should have never taken on my early morning flight the next day though. The poor guy next to me was trying to sleep and I was doing that heavy-breathing-trying-to-hide-it-laugh-but-you-can't. He though, found no humor. Loser. Easy to read and enjoy. The perfect read for an easy afternoon and a glass of wine. Just buy it already, would'ja?!?

By Christie M. Voltz....you will not want to be interrupted! You Have Lipstick On Your Teeth is the equivalent of being the fly on the wall In The Powder Room listening in on the juiciest of girlfriend gossip. These laugh out loud stories are guaranteed to make you feel better that you are not the ONLY one that has embarrassed yourself or gone through similar hysterical- though perhaps not at the time- situations. From a husbands gross habits...ew,ew, I am never looking at a tea towel the same way!... to questionable cell phone leisure activities (let's just say I will never trust someone again that keeps their phone on vibrate), this book will keep you in stitches! Or, if you've just had a baby, perhaps will have you popping your stitches...A great, entertaining read!

Thank God for girlfriends and shared visits to powder rooms! That's always been the concept behind our website InThePowderRoom.com where we've been entertaining women with our humor and bold, brave honesty since 2009. Now we're taking it to the next level with an anthology of original short stories from some of the wittiest women writers we know—stories they would only tell their closest friends, most likely from within the haven of a ladies' room. Inside you'll find 39 (mostly) true tales by women, for women, about being women—bodily changes, relationships, careers, motherhood, aging, illness, and more—written with the humor and grit that proudly sets In The Powder Room apart. But be forewarned: we're holding nothing back. We're revealing our deep dark secrets—because it's through our most vulnerable and honest moments that we forge the strongest connections and discover we aren't so alone after all. You have a gimpy boob? Me too. You think glitter is the herpes of the craft world? Me too! You got your fishnet-clad leg stuck to your head on stage in front of thousands of people? Wait...what? OMG. Tell me everything! We are your friends, sisters, mothers, and daughters. Regardless of what life has dished up for you, chances are, we've been there and we can relate. We'll help you laugh it off, or hold your hand until you're ready to laugh again. And we promise: we'll always tell you when you have lipstick on your teeth.
