My failure's completeBy PaulThe follow up to the Samuel L Jackson narrated "Go the F*** to Sleep", You Have to F--king Eat, narrated by Breaking Bad's Bryan Cranston has completed the narration of my entire evening (3.5 5 yr old boys) by two of the best cursers known to man. If only we could 3rd and 4th books in the series (get in your car seat, don't run into the street) narrated by Al Pacino and Christopher Walken to cover the rest of my week.11 of 12 people found the following review helpful. A fun book that any parent can relate to...By kristyrae21This book is absolutely hilarious! It is not meant for children, but you can edit it as reading it so it can be a children's book. The pictures are funny, the situations can be related to, and the book is overall really funny. This book should be read by all parents who have a picky eater. My son pulls the same stuff kids do in this book. The page where the kid refuses to eat pancakes because he suddenly hates them, when they used to be his favorite, and the parent told him he's full of **** and to stop lying made me laugh. My son will love something one day, and then claim to hate it the next. This would be a great gift to anyone that has a toddler, or anyone who has a kid that can be a jerk about eating ;)2 of 2 people found the following review helpful. Buy it for yourself, buy it for your friends.By ErikThis book is funny. It's worth a purchase for yourself or a friend who has a kid that's anywhere between 6 months and 4 years. The rhymes are solid. The sentiment is accurate. My entire diet on some days is made of the stuff my daughter doesn't eat. Anyone who's fed a kid will appreciate reading it twice. Only toddlers and the insane read books more than twice, but this is one you'll still enjoy on the second read.
