Really Cute BookBy Carol Hansen GreyEven though I no longer have little kids to care for, the cartoons and captions in this book still made me smile in remembrance of the "good old days" raising 3 kids. Now my kids are grown and have kids of their own, so I just loaned the book to my youngest daughter who has 4 boys. I know she will relate to the cute cartoons and the book will provide her with an easy, enjoyable read in her not-so-spare time.0 of 0 people found the following review helpful. "Great Adult Comic

Book"By Nancy L. SilkI love the illustrations and believable comments about motherhood. As a grandmother, I've been there, done that! I can laugh and howl now! As a newly married woman, who thinks babies are like dolls to play with, I'd certainly think twice about having children take away a big part of my life for about 20 years! Great book! Hoot! Hoot! A recommended read for ALL women.0 of 0 people found the following review helpful. YES!!By The Wizard of OzI read and reviewed You Know You Are A Dog Lover ... and loved it. It is funny, the cartoons are well drawn, and it is yet another wonderful addition to what is truly a great series. WOOHOO!!
