Ben Fraser : You Know You're a Sailing Fanatic When . . . before purchasing it in order to gage whether or not it would be worth my time, and all praised You Know You're a Sailing Fanatic When . . . :

This is not a book. This is a stocking stuffer, at best. It's one of those little P.O.S. 'impulse' buys like at the checkout of the old B. Dalton or Crown Books. The length and width of this book are SMALLER than an index card. I'm sure the jokes are funny, but as a book it's garbage. Still going to give it to the guy I bought it for. Then I'm going to suggest he throw it away, or give it as a joke to someone else who sails; at least, I'm going to say that whether he does or not, I couldn't care less.

How to know that you've sailed one too many seas
