You Know Too Much...By DebJSWhen I purchased this book I was thinking it was a nice little story about friendship or a little self help book. Instead it is a book of short sayings centered around friendship, along with some cute illustrations. For the price I was not disappointed at all. Some of the verses I have read before, but there were many that were new and all of them were on the mark. As a former scrap booker/rubber stamper, this book would be great when your looking for the right verse for a friendship page or a verse for a card you were making for someone special. I just turned on my Kindle and flicked through some pages and this is were I stopped. "You meet people who forget you. You forget people you meet. But sometimes you meet those people you can't forget. Those are your friends." Tennessee Williams Like I said for the price you can't go wrong. 0 of 0 people found the following review helpful.
