I get their weekly email (sometimes laughing out loud to myself) and I have the someecards desk calendar. It just doesn't get any better than someecards. This book is a prime example. I wish I had more people I could share the postcards with. You will enjoy this book and keep a smiling hours after you look through it. If you have a great sense of humor -- get this or any other Someecards product.0 of 0 people found the following review helpful. Recommend.By HeidiSecret Santa gift for boss. Hilarious. From the twisted minds at someecards come 45 wildly funny cards that could well save your sanity. Instead of tearing out your hair from 9 to 5, just tear out one of these irreverent postcards. No matter what you hate about your job and your coworkers-Friday afternoon meetings, obnoxious ringtones, the awkwardness brought on by a sexual harassment suit--there's a card that expresses your feelings professionally. Stop suffering in silence! With the right card in hand, you'll be one step closer to that promotion you don't deserve . . . or the pink slip that's long overdue.
