Our feline friends have spent eons observing, napping, pondering, napping, and taking notes about the human condition. In between naps, they've realized that we humans could use some catlike guidance when it comes to handling the ups and downs of life. In this book they've condescended to share their invaluable wisdom in short advice columns such as "Always Stay at Least 30 Feet from a Loved One" and "Never Let Anyone Dress You." Whether it's

coping with romance, surviving a social gathering, or clawing your way to the top of the corporate ladder only to realize you can't get down, the cats in this book will have you relaxed and ready to take on the world! Just after one more nap.

"Throughout its pages, you'll learn how adopting a cat-like state of mind will ensure you prosper in personal relationships, social interaction situations, and even the field of career advancement."-Catster
