unbearably angry at the rest of our species. It is a perfect mix of gut busting humor and serious food for thought. Incredible book and no doubt the best I've read in a long time.0 of 0 people found the following review helpful. Hes writing everything we don't want to say out loudBy CustomerExactly what I expected from a Corey Taylor book. I'm sure some people are shocked by some of his opinions but most likely he's just saying things that we have all thought of at some point but didn't say out loud. A few of his points definitely made me change my perspective about how people just don't care about anything except themselves and winning the rat race.0 of 0 people found the following review helpful. My daughter has actually started reading a real live BOOK ...By Kelley ChannellMy daughter has actually started reading a real live BOOK and put down her phone! This was purchased for her 16th birthday, per her request.

In the tradition of the late great George Carlin, Corey Taylor, the lead singer of Slipknot and Stone Sour, sounds off in hilarious fashion about the many vagaries of modern life that piss him off. Whether it's people's rude behavior in restaurants and malls, the many indignities of air travel, eye-searingly terrible fashion choices, dangerously clueless drivers, and-most of all-the sorry state of much modern music, Taylor's humor and insight cover civil society's seeming decline, sparing no one along the way, least of all himself. Holding nothing back and delivered in Taylor's inimitable voice, *You're Making Me Hate You* is a cathartic critique of the strange world in which we find ourselves.

About the AuthorCorey Taylor is the New York Times bestselling author of *Seven Deadly Sins* and *A Funny Thing Happened on the Way to Heaven*. The lead singer of the hard rock bands Slipknot and Stone Sour, Corey has earned eleven platinum records, forty-three gold records, and a Grammy Award.Coming soon...
