DeceptiveBy Pvt Dirksen, JohnI liked the podcast while it was on and thought the book would be more like the topics and stories talked about on there. Kinda like a female version of those tucker max I hope they serve beer in hell books which would have been great. Instead this is a picture book with crude drawings. More like a you could be a redneck books.0 of 0 people found the following review helpful. loved it!!By tsmoneybought this book because I loved the title! following review helpful. The title says it all. AmusingBy Andrea M JonesFunny for a read through if you have the type of humor to appreciate this book. I've loaned it out as well.

If you take more Plan B than Vitamin B... If they know you by name at Planned Parenthood... If you no longer have a gag reflex... A hilarious, illustrated book with dozens of ways to tell if you're probably a slut.
