It is a collection of Ludlow Porch's best short stories from his previous books. Consider it concentrated humor. Ludlow is a southern gentleman with a love for humor and in his books they come together - respectful southern humor that everyone can enjoy. The best part is that his stories

are about real life observations in the South. There is really nothing more humorous or funny than real life and in Ludlow's books he certainly proves this. This book is a great investment, it gives more back in enjoyment than one pays for it. 2 of 2 people found the following review helpful. Fall on the floor humor!!!! By chasmcg@aol.com Ludlow in all his books has a unique version of the south through a legend's eyes.
