CarlsonGrew up outside of Philly listening to Howard Stern on the radio while a young teenager. It was definitely an influential time in my life listening to the many shenanigans of one of the most famous Shock Jocks around! Then came Sid ... in my early 30s. Discovered "The Drive with Scott (Kaplan) Sid (Rosenberg)" on a local radio station, Sports Radio 810 WHB, in Kansas City in 1999/2000. Rode the wave and enjoyed Sid's stories experiences on the radio so reading his book was a nice trip down memory lane! Lost track of Sid when he ventured off to the Big Apple for bigger and brighter lights ... he definitely made it to the big time! His book absolutely filled in the blanks! The book does jump around from topic to topic so don't look to necessarily follow Sid's life chronologically. However, he brings everything full circle in the end! If you enjoy Sid's humor (you don't have to condone it), then the book is a fun read!!! Its also a good inside perspective of an individual who faces addictions in life (ie: substance abuse gambling). Battling addictions never ends and its a day-to-day struggle sometimes. I believe if I had been Sid's probation officer early on, a little shock time for him in the clink might have scared him straight or at least taught him how to wear soap on a rope! Since the book came out in 2010, Sid has further developed his career in the South Florida radio market ... he also has to face his demons everyday! Wish nothing, but the best for Sid and hope Kansas City gets another chance to listen to his antics again on the airwaves! The book won't disappoint you, but he may have to follow it up with a sequel to continue the madness (Sid Redux)! TCB -Nilram0 of 0 people found the following review helpful. The truth - amazing view of radio/tv superstar rise, fall and rebound to the top of his game!By christopher genskeBirds eye view of an amazing person, life and career who rose from the bottom to the top, fell to the bottom and working his way back everyday! If you know or listen to Sid, you know this book is full of honest amazing stories and full of regards from all his sports and entertainment friends! Continued success Sid and look forward to book #21 of 1 people found the following review helpful. Five StarsBy Gabriel SoriIt's like having a spike driven through your head.

You're Wrong and You're Ugly takes readers on an incredible journey whether or not they're a huge sports fan. Rosenberg is an equal-opportunity offender-Starlets, Hollywood hunks, and the next big thing in entertainment have all felt the heat of Rosenberg's sharp barbs. Rosenberg shares all the stories listeners never got to hear when the microphones were turned off, and when he starts talking about the reasons he got fired from some of his jobs, Rosenberg leaves nobody unscathed.He calls out athletes and other self-important people in every profession. He's loud. He's crude. He may be tasteless at time, but through it all you'll find yourself agreeing with his opinionated takes more than you thought. He's got a rough (and funny) way of getting his points across, and once you read what he has to say, you'll agree with the millions of fans who have found themselves laughing hysterically at Rosenberg's insights.

About the AuthorSid Rosenberg is a radio personality who can be heard on 1010 WINS in New York City and on WQAM in Miami. Paul Schwartz
