I really thought it was FUNNY...even the pictures! It contains some bad words and jokes around about rather questionable parenting decisions, but it is ALL IN FUN! So, depending on your sense of humor, this may have you doubled over laughing. I recommend it! 0 of 0 people found the following review helpful. Witty and funny By Optimus2016 Loved this. Bought this many years ago in college and placed it on my toilet as a funny read while using the Lou. I believe they've made many more since this one. I still bring it out once in a while and change the photo/caption ever once in a while. 1 of 1 people found the following review helpful. Funny but Not for Your Little Sister By niCkI got this book without really doing any research on it's subject matter. I personally found the book to be hysterical but my parents were not too pleased when I gave it to my 16yr old little sister for X-mas. It's a funny book but it's definitely geared to an older audience or not so uptight parents.
