It is filled with soothing designs and mandalas to color, ones that will bring peace and a lightness to your heart and soul. Whether you are into Zen or not, these designs will calm you and keep your mind focused. Look through the designs, pick one out,sit down....and simply let go and enjoy. It doesn't matter what you are wearing, where you are at, or what you use to color. Each design is there to make your own. Give it a try, and you will see just what I mean. I have included an example of one of the designs that I colored. It was fun. It was relaxing, and I love the way it tuned out.1 of 1 people found the following review helpful. Awesome Zen!!!By CustomerI had the pleasure of being on the 'Preview Team' for this awesome coloring book. The pictures are so

creative! The artist is such a talented, sweet, warm woman. I love this book! I have about a dozen coloring books, but this one is, by far, my favorite! It's so relaxing to color these designs. Buy this book! Seriously! It's just that good! This is one of the designs in the book that I colored. 0 of 0 people found the following review helpful. Such beautiful, calming Mandalas!
