A beautiful coloring book with two sets of 24 Zodiac images on single sided pages with black page backs.By Angel G.This is a lovely coloring book with two sets of 24 images of the Zodiac signs.You get two copies of two images of each zodiac sign, one with a detailed background art border and one without.The Zodiac signs themselves are lined in thick black lines and the background frame lines are thinner.The designs are all very detailed with many small patterns and shapes to color in.This is my first book by Jade Summer, and it is made well.The paper is medium thickness and the back of each page is black so there was no visible bleed through.If you are not cutting them out to frame, the black page backs are great for chalk marker designs too!For framing these designs fit in standard 8.5" x 11" frames.The artwork is very feminine and soft, and I like the swirls and curves in the designs.Although I am a Pisces myself, the cover picture is my favorite, and it is the Gemini design.It was very pleasant to color in this book and I would recommend it to others, especially Astrology fans!2 of 2 people found the following review helpful. Adult coloring books to aid relaxation.By Wendy SwartzI belong to a grief group where everyone has suffered a great loss. We all have concentration problems. I shared this with my Group and They all love it and find it relaxing. It has all of the zodiac signs with beautiful pictures to color (colored pencil is great) and there are also the pictures of each sign alone to color. Each page is blacked out to prevent your colors from bleeding (markers) each picture can be mounted in 8.5 x 11 frames. This is great for a christmas gift to all of those

friends who have everything because I would bet they don't have this. I love all of the Adult coloring books done by Jade Summer. 2 of 2 people found the following review helpful. zodiac coloring book for ALL ages By Jackie Paulson I am an adult and love to color and this is a zodiac coloring book I wanted so that I could color on my off time. I have a 50 piece gel pen set to use and this makes the variety of the pages look great.
