Isabel Atherton : *Zombie Cat: The Tale of a Decomposing Kitty* before purchasing it in order to gage whether or not it would be worth my time, and all praised *Zombie Cat: The Tale of a Decomposing Kitty*:

It turned out to be a pretty cute little book, and went well with the other gifts I had planned on it going with. Its basically a set of humorous illustrations revolving around a zombie cat (duh) but the story is not super resolved. Its kind of random and all over the place, and felt more like self contained panels than a story with resolution or continuity. Still made a cute gift!1 of 1 people found the following review helpful. Well-written for a little diddy bookBy Katy DorfschmidtI always buy these silly, little books for my brother and his girlfriend. This one I got for the girlfriend who is very well-read. I thought this was great for her. It isn't as simply-written as many other small books. It was genuinely well-written and the illustrations were humorous.5 of 6 people found the following review helpful. Cute B-day Present!~By ReinaOkay, I bought this for my mom as a late birthday present. Since I finally got some money. We both read it, and it was a very cute little book. The reason why I bought it for her, is because she love zombies and likes cats. Of course, being the smartbutt I am, I asked her two things she liked, she mentioned these. And I had to find something with both! This could probably be read to children, for those that don't mind a little anatomy showing. However, it does look like it may possibly have another story after it, I doubt it. But I suppose cliff hanger type endings, are mean't for children's imagination or something. Though that's merely an opinion on how it ended. One has to consider the type of audience it is for also. Anyways, cute story, recieved at a decent time, well within the range it said it would be delivered. And in wonderful condition!

Tiddles is a suave, carefree kitty cat whose only pleasures in life are eating mice, wooing the ladies, and being generally apathetic toward his owner, Jake. But when a toxic spill occurs outside of town, Tiddles finds himself savagely attacked by a nasty-looking radioactive field mouse, and he wakes up as one of the undead. However, he still retains a bit of compassion and refrains—for now—from zombie Bacchanalian delights, such as eating living beings' brains! Umm . . . any brains at all!However, Tiddles, a.k.a. *Zombie Cat*, is decomposing rapidly and would prefer to

live a normal life in the zombie apocalypse with his owner, Jake. But will Jake take in his former cuddly pet or will ZC be doomed to roam the streets trying to avoid the inevitable pull of his undead yearnings? *Zombie Cat* is a humorous adult picture book in the vein of *Pat the Zombie* and *Ten Little Zombies: A Love Story*. Isabel Atherton's quirky storytelling combined with Bethany Straker's captivating (and slightly grotesque!) illustrations make this the perfect addition to any Halloween collection. It's the ideal gift for any crazed zombie fanatic—or equally crazed cat lover.

About the Author Isabel Atherton is an author, literary agent, and director of Creative Authors, Ltd. When she is not helping her authors, she likes to write illustrated books herself. She is the author of *Zombie Cat*, an illustrated adult humor book, plus two more picture books coming in 2014. Bethany Straker is an illustrator and designer. She has illustrated for various magazines including *Bliss* and *Disney Girl* at Panini Comics, *GoGo's Crazy Bones* at Titan Publishing, *Running Fitness*, and *Runner's World*. She collaborated with Isabel Atherton on her first adult picture book, *Zombie Cat*, which was published in 2012.
